ARTICLE 1. RECOGNITION

1.1 The District recognizes the Association as the sole and exclusive bargaining agent for all classified employees in the bargaining unit, in the following classifications with respect to wages, hours and other conditions of employment:

A. Fire Captains and all firefighters below the classification of Fire Captain:

1. Firefighter
2. Firefighter/Paramedic
3. Engineer
4. Engineer/Paramedic
5. Deputy Fire Marshal
6. Captain
7. Captain/Paramedic

1.2 Should new classifications be established by the District and added to this unit and/or should the Employment Relations Board order that new classifications be added to the unit, then the parties will meet and negotiate employment conditions for these newly added classifications.

ARTICLE 2. ASSOCIATION SECURITY/PAYROLL DEDUCTIONS

2.1 Each employee may become a member of the Association at any time. After receiving written authorization from an employee, the District will deduct Association initiation fees, Association dues, and any other agreed to deductions from the wages of such employee. The amount to be deducted shall be certified in writing to the District by the Association. The aggregate deduction shall be remitted to the Association each pay period.

- 2.2 Voluntary Payment of Fees in Lieu of Dues. The terms of this Agreement apply equally to all employees in the bargaining unit. Any bargaining unit employee who does not want to be a member of the Association, but who nonetheless wants to pay for the services provided by the Association, has the option to pay voluntary fair share fees in an amount equal to membership dues. Any member of the bargaining unit may authorize the District to deduct from his/her pay voluntary fair share fees in an amount equal to the dues charged by the Association. This authorization must be in writing and forwarded to the payroll office.
- 2.3 Maintenance of Efforts. Each employee's authorization for payroll deductions shall remain in full force and effect permanently unless the employee revokes the authorization by sending an original written, signed and dated notice to both the employer and the Association President. Any revocation of an employee's authorization to withhold fees must be consistent with the limitations included in the payroll authorizations signed by employees.

ARTICLE 3. NON-DISCRIMINATION

- 3.1 The provisions of this Agreement shall be applied equally to all employees in the bargaining unit without discrimination as to age, marital status, sexual orientation, race, color, sex, creed, religion, national origin, political affiliation, and all other protections provided by state and federal law.
- 3.2 The District agrees not to discriminate against any employee for the employee's activity on behalf of, or membership in the Association.

ARTICLE 4. MANAGEMENT RIGHTS

ARTICLE 7.
ASSOCIATION BUSINESS

- 7.1 The Association agrees that members of the Association selected to serve as representatives for collective bargaining will be certified in writing to the Fire Chief or designee. Employees involved in meetings under grievance procedure shall be allowed time off with regular pay for that purpose, provided the total time during the period of this Agreement shall not exceed 15 hours for on duty personnel, and provided there is adequate coverage as approved by the Fire Chief.
- 7.2 The District will allow Association representatives time to attend training, conferences, and functions related to Association business. Association members will attempt to secure time off using vacation time, which will be converted to Union Leave Time after their return.
- A. Representatives of the Association will share 636 hours of Union Leave Time annually across all bargaining units.
 - B. While hours are available, if a vacation position is not available, the District will allow bargaining unit members off and cover the vacancy. The number of bargaining unit members that may be off shift for Union Leave Time shall be equal to the number of members that are allowed off each day for vacation per Article 19.1.A. When the hour limit has been reached and no vacation positions are available, the Association will be responsible for finding coverage for its members to attend functions.

ARTICLE 8.
AGREEMENT RENEWAL SESSIONS

- 8.1 The Association's negotiating team shall be permitted to attend negotiation meetings with the District without loss of pay relative to securing agreement renewal. The Association will make an effort to cover on duty personnel during the negotiations.

 - F. Employees shall not use District property to support their outside employment, i.e., computer, office products, vehicles, equipment, etc..

**ARTICLE 12.
SENIORITY**

- 12.1 Seniority of service, as used in this Agreement, is determined by the length of an employee's continuous full-time service since their last date of hire or promotion. The District maintains three seniority lists as defined below. All lists are included in Appendix "B."
- A. District Seniority. District seniority means a regular employee's length of continuous service with Redmond Fire & Rescue (including time while the District was part of the City of Redmond). All full-time positions qualify for District seniority.

- B. Rank Seniority. Means a regular employee's length of continuous service within a specific job classification with Redmond Fire & Rescue (including time while the District was part of the City of Redmond) since the employee's date of hire or promotion into that classification.
 - C. Association Seniority. Means the length of service in a Local 3650 Bargaining Unit position (including time while the District was part of the City of Redmond). If an employee leaves the Association to a position outside of the Association, their seniority shall be frozen. Should they return to the Association, they will receive only credit for the time spent in the unit.

- 12.4 An employee shall lose all seniority in the event of discharge or voluntary termination of employment.

**ARTICLE 13.
HOURS OF WORK**

- 13.1 Normal work schedules for full-time Association members shall include:
- A. Regular 56-hour employees shall work 48 hours on and 96 hours off. Daily hours of work will be 0800-1700 hours.

 - 2. Employees working a 56-hour schedule shall not work more than 72 consecutive hours without management approval. Unless approved, employees working 72 consecutive hours must have 8 consecutive hours off-duty before being eligible for re-assignment.
 - B. Regular 40-hour employees shall work daily hours of five – eight-hour days, or four – 10-hour days or other work schedule if mutually agreed upon by the employee and the Fire Chief or designee.
- 13.2 Training that needs to be conducted on weekends or at night will be mutually agreed upon between the District and the Association.

- 13.3 Temporary appointments of a 56-hour employee to a modified schedule other than a 48 hour on, 96 hours off schedule will still accrue all benefits at their 56-hour rate. All hours worked in excess of 40 hours per week will be paid at time and one half. Holidays will be observed with pay as described in Article 19 of this agreement.
- 13.4 Employees will be allowed time during daily work hours for physical fitness training at a District facility.

- A. If a trade replacement is unable to work because of illness or injury, the replacement employee will have their sick leave accruals charged for the hours they were unable to work. If a trade replacement fails to report to work or provide relief for reasons other than illness or injury, the originally scheduled employee's leave time accruals will be charged for the hour equivalence the replacement employee was unable to work.
 - B. The District shall not be obligated to enforce any trade time obligation by any means, which shall be the sole responsibility of the employees involved.
 - C. Probationary employees who are new to the bargaining unit may only owe or be owed one tour (48-hours) of trade at any time.
- 13.6 Duty officer coverage will be that as referenced in the Duty Officer Administrative Policy approved 7/21/2017. This policy is incorporated into this Agreement by reference. Changes to this policy are considered a mandatory subject of bargaining.

ARTICLE 14. SHIFT CHANGES

- 14.1 The District and Association will agree upon a reasonable advance notice of any change in the employee's shift assignment.
- 14.2 The Association agrees to allow temporary shift transfers to help the District provide for staffing requirements in emergency situations.
- 14.3 In instances when the District believes it is in the welfare of the organization or an employee's well-being, the District and Association will agree upon a reasonable change in an employee's shift assignment.

- 14.4 Should the District need to reassign shifts in order to achieve a balance of special skills or per Article 14.3, it shall seek volunteers to do so. Should volunteers not be forthcoming, the District shall reassign the least senior employee (per the Rank Seniority List) to obtain the shift adjustments.

**ARTICLE 15.
STATION TRANSFER PAY**

- 15.1 An employee's station assignment will be set for their next tour at 0800 when they leave work. An employee whose station assignment changes after 0800, and is then required to transfer their equipment and belongings during their 96 hours off shall receive three quarters of an hour of overtime pay to accommodate the need for transferring and returning their equipment and belongings. Station transfer pay shall be documented in Telestaff by the person making the reassignment at the time of the reassignment.
- 15.2 An employee who is moving to a new station as a result of a voluntary request, shift trade, regularly scheduled ARFF rotation, or overtime shall not be eligible for additional compensation.

**ARTICLE 16.
OVERTIME**

- 16.1 As used in this Agreement, overtime shall mean any time worked in addition to the employee's regular work schedule.
- 16.2 Any employee who is authorized and directed to work overtime shall receive overtime compensation. This applies to working call back for sick leave, personal emergencies, fire recall, general alarm recall, ambulance recall, on the job injuries leave, vacation leave, job related mandatory court appearances or any other duties where the employee is authorized and directed to work as set forth in the previous sentence. Overtime for 40-hour employees must be pre-approved by the employee's supervisor.
- 16.3 The hourly rate is computed based on the following:
- A. For 56-hour employees, the monthly rate divided by 243.3 hours plus any incentives the employee is receiving for that hour worked, i.e. FTO pay, AIC, etc. Overtime rate is computed as described above plus ½. Overtime compensation will be calculated to the nearest fifteen minutes.
 - B. For 40-hour employees, the monthly rate divided by 173.3 hours plus any incentives the employee is receiving for that hour worked, i.e. FTO pay, AIC, etc. Overtime rate is computed as described above plus ½. Overtime compensation will be calculated to the nearest fifteen minutes.
 - C. Employees may choose to accrue compensatory time in lieu of overtime pay for

actual hours of overtime worked, times one and one half, with a maximum accumulation of 96 hours.

16.4 4PC situations shall be compensated as specified in this article with a minimum of two hours of overtime between 0600-2200, and a minimum of four hours of overtime between 2200-0600. Shift hold over and off duty authorized responses to emergency alarms will be compensated by using actual hours worked times the overtime formula with a minimum guarantee of 30 minutes.

A. If an employee's response to a 4PC will be greater than one hour, the employee shall call the duty officer prior to responding. If the duty officer requests the employee respond, they will be compensated from the time they actually respond to the 4PC (per District Staffing Policy).

16.5 Overtime compensation for FLSA hours actually worked will be compensated at an additional ½ time in addition to the "time" already being paid for those hours under Appendix "A." This will result in the employee being paid "time and one half for FLSA hours."

A. For 56-hour employees, the FLSA cycle shall be a 24-day cycle. The regular work schedule for all shift employees is a 56-hour work week based upon a six-day work cycle. FLSA hours are those hours worked in excess of 182 hours in a 24-day work period.

B. For 40-hour employees, the FLSA cycle shall be a 7-day cycle. The regular work schedule for all 40-hour employees is 0000 Sunday to 2359 Saturday. FLSA hours are those hours worked in excess of 40 hours in a 7-day work period. For overtime purposes, hours worked does not include paid leave such as sick, vacation, or holiday time, as these hours were not worked.

ARTICLE 17. MANDATORY OVERTIME

17.1 Statement of Principle: The District and Association agree mandatory callbacks are necessary in order to maintain minimum staffing.

17.2 A mandatory callback shall be defined as requiring an off-duty employee to report for work for any duration of time or requiring an on-duty employee to holdover at shift change for a duration of greater than two hours.

17.3 Prior to initiating a mandatory callback, all other options for filling a vacancy should be exhausted (e.g., Telestaff, 911 4PC page, active 911 page, etc.).

17.4 The following procedure shall be followed when a mandatory callback is necessary:
A. Bargaining unit members may only be forced back to work positions within this

bargaining unit. They may voluntarily take overtime in another bargaining unit only when no members of the other bargaining unit are available to work (this is to be interpreted as being unable to contact any person in the other bargaining unit in order to mandatory them).

- B. All suppression personnel shall be listed in inverse seniority (per the District Seniority list) based on their original date of hire (going back to the city). No person shall be held over on a mandatory if it places them in a greater than 72-hour shift. When possible, an attempt should be made to find a person who is not working greater than 48-hours.
 - C. Captains will only be forced back for captain positions plus firefighter positions, an engineer may be forced back for an engineer, FF position, or captain if the person is AIC, FF may only fill FF position plus engineer if an AIC.
 - D. In order of inverse seniority (per the District Seniority list), a member shall be contacted if they are qualified for a position on the roster. On duty AIC staff should be utilized as needed to allow a person to work but may not be used as a method to roll all mandatory callbacks to a lower rank.
- 17.5 Once an employee has worked a mandatory callback, they shall not receive another mandatory callback in the fiscal year until all other employees have received a mandatory callback or contact is attempted at that time with all other employees. On July 1st of each year, the mandatory list shall be reset and begin in inverse seniority order (per the District Seniority list).
- 17.6 Employees may be excused from a mandatory callback if at the discretion of the Duty Officer or Deputy Chief the callback will create an undue hardship (action requiring significant difficulty or expense) to the employee.

**ARTICLE 18.
SCHOOLS, SEMINARS, AND TRAINING**

- 18.1 In an effort to promote training while being fiscally responsible, the District's training reimbursements shall be made as follows:
- A. Decisions concerning attendance at conferences, seminars, conventions or other meetings at the District's expense will be made by the Fire Chief or designee. Permission for such shall be granted on the basis of an employee's participation in the meeting or the direct relation of the employee's work to the subject matter of a meeting. Every effort will be made to see that all employees benefit equally with regards to this article.
 - B. In situations where the employee is requesting financial assistance for training that they desire to attend pursuant to this article, the District will reimburse the employee

for registration and associated fees. The employee shall be responsible for all food, lodging and transportation expenses incurred unless prior arrangements have been made with the Fire Chief or designee.

- C. In situations where the department is requiring attendance at training, the District shall give the employee leave to attend the training and shall reimburse the employee for all expenses. If the required training falls on a non-duty day, the employee will be compensated for training hours at their hourly overtime rate.
 - D. Decisions concerning attendance in academic courses at the District's expense will be made by the Fire Chief or designee. Permission for such shall be granted on the basis of an employee's training plan or the direct relation of the employee's work to the subject matter of the course. The District shall reimburse any member 100% of the cost of books and tuition for any successfully completed and approved course, provided: the course is completed with a 2.0 or "C," or better grade.
 - E. If attendance at voluntary training is necessary while on duty, the employee shall attempt to secure vacation in order to attend. After returning from training, the employee's vacation will be converted to training time and the employee's vacation bank will not be charged. If no vacation positions are available, the employee will need to secure a trade in order to attend. The District will not reimburse the employee for any hours they voluntarily attend training outside of their regularly scheduled duty hours.
- 18.2 The District will be responsible for maintaining all employee training records, scheduling classes, providing instructors and approving self-study subject matter. All employees will be required to possess and maintain a current Oregon State Health Authority EMS Provider License, at the level for which they were hired. The District agrees to pay all fees associated with recertifying employee's EMS provider licenses.
- 18.3 Employees receiving expenses for educational opportunities may be asked to present the knowledge and skills they gained from that educational opportunity to other department personnel via classroom and/or training ground instruction. However, no employee shall be required to provide that instruction unless the District gives the employee two weeks' notice prior to the class that the employee is to teach.
