NOTE:

Monthly budget to actual financial information is not presented due to year-end. Many of the costs paid in July are 'pushed back' to the prior fiscal year. Also, the 7/15 payroll is 'pushed back' to June since it is for time worked from 6/16 - 6/30. This process is necessary for year-end, but it makes July's expenses appear small, which would distort the budget to actual comparisons.

Dear Redmond Fire,

Words cannot express how truly grateful we are for you, and everything you have done. You collectively went above and beyond with your care for Michael and his family during the last couple years. Since his passing, your dedication to his memory and his family has been without equal. We want to specially thank Aaron, along with everyone at Redmond Fire for orchestrating his remarkable service, so well executed, and the exact type of send-off that Michael would have loved. His family were very moved and touched by the service. Also, thank you for the time and dedication put towards Lisa and Logan. It has been a weight off of their shoulders, knowing you continue to have their back and are advocating on their behalf. Thank you again,

FIRE CHIEF COMMENTS:

On behalf of Chief Herrera, Chief Miller gave the Board a report on the following topics:

1. Personnel

Long-term leave currently accounts for 4.8% of the workforce, the lowest percentage recorded since tracking began in 2024.

2. Recognitions

Captain Beth Mitchell retired after twenty (20) years of service with the district. Engineer Nate Simonson resigned after nearly fourteen (14) years of service to accept a position in Montana. Firefighter Jackson Bushnell was promoted to Engineer on B Shift after serving in a relief capacity.

3. Thank you

Chief Miller noted that the Fourth of July weekend was exceptionally busy and thanked Battalion Chief Josh Clark and all personnel who were on shift. Crews responded to multiple structure and brush fires throughout the district. Battalion Chief Clark's prompt actions and leadership contributed to successful outcomes with no reported injuries.

Member Blanton asked how many fires were caused by fireworks. Chief Mooney stated that most were fireworks-related and reported that he attended the City Council meeting, where a fireworks ban was discussed.

Chief Miller thanked Aaron St. John for coordinating the memorial honoring Michael Kienzle and recognized the many internal and external participants who assisted with the event. A complete list of agencies and individuals involved will be compiled so we can send them cards.

Michael's family expressed appreciation for the honor and respect shown during the service and the comfort they felt knowing he was deeply valued by his fire service family. The fallen firefighter honors portion of the memorial further reflected the legacy he leaves behind.

Chief Miller recognized Chief Herrera for his continued support of Michael, Lisa, and Logan from the time of Michael's diagnosis through the memorial. Chief Herrera assisted with the GoFundMe, meal train, housing arrangements in Washington, and numerous behind-the-scenes efforts.

Member Meyer asked Chief Mooney about the City Council meeting. Chief Mooney stated that four (4) councilors support a fireworks ban and two (2) do not, and that a draft ordinance is expected at the first Council meeting in August. The Board briefly discussed a potential fireworks ban. Member Meyer asked whether the cause of the Coyner fire was known, and Chief Mooney stated that it was caused by illegal fireworks.
