

## NOTICE OF VIOLATION/FIRE WATCH AGREEMENT

Address: \_\_\_\_\_ City: \_\_\_\_\_ Zip: \_\_\_\_\_

As of (date) \_\_\_\_\_, the referenced property is in violation of the following fire hazard(s): \_\_\_\_\_

Those performing a fire watch will adhere to the following details and responsibilities:

- Assess the premises or property every 15 minutes, or as approved.
- Keep a log of the fire watch, including time and any significant findings (see attached form).
- Shifts may be no longer than 12-hours, and an identified back-up person must be available.
- Must be a least 18 years old; competent to identify fire hazards; capable of effectively communicating the need for fire department response; physically capable to perform both patrols and self-preservation; able to remain alert at all times; familiar with the structure and the emergency plan for the structure; have a working flashlight (if needed).
- At least one method of communication to initiate an emergency response is required. In the event of a fire or dangerous condition, fire watch personnel must alert occupants, call 911, and take appropriate action.
- The fire watch will be maintained as directed until the above described fire hazards are abated to the satisfaction of the Fire Marshal's Office.
